

Sun™ StorEdge™ A3500 Task Map

1

Read Release Notes

Review the release notes before beginning the installation for late breaking news and updates, such as patch information, hardware changes, and product functionality.

2

Plan Configuration

Refer to the *Sun StorEdge A3500 Hardware Configuration Guide*.

3

Prepare Host System

Install two UDWIS host adapter cards in the host system(s). Refer to the documentation that came with your host adapter and system for instructions.

4

Install Hardware

Install the StorEdge A3500 system, connecting it to the host.

- If you need to install a controller module in cabinet: Start with Chapter 2 of the *StorEdge A3000 Controller Module Guide*.
- If controller module is already installed in cabinet: Start with Chapter 3 of the *StorEdge A3000 Controller Module Guide*.

Make sure you record the installation date on the battery label.

5

Install Software

Install the RAID Manager software from the CD. Refer to the *RAID Manager Installation Guide* for instructions.

Troubleshooting

For hardware troubleshooting, refer to Chapter 4 of the *StorEdge A3000 Controller Module Guide*.

For software troubleshooting, refer to the *RAID Manager User's Guide*.

Administration

Refer to the *RAID Manager User's Guide* for system administration tasks.

Ordering Sun Documents

SunDocsSM is a distribution program for technical documentation and is available from SunExpress. You can find a full listing of available documentation on the World Wide Web:

<http://www.sun.com/sunexpress/>

To order or for more information:

Telephone: 1-800-873-7869 (United States and Canada only)

Fax: 1-800-944-0661 (United States and Canada only)

Reader Comments

Your comments and suggestions are important to us. Please let us know what you think about the *Sun StorEdge A3500 Task Map*, part number 805-4982-10.

You can send detailed comments via email to smcc-docs@sun.com, or send a fax to *SMCC Doc Feedback* at (650) 786-6443.
