

**Caution** – **\*\* IMPORTANT \*\*** Read this document before you install this Field Replaceable Unit.

---

Before you install this FRU, you must confirm that the firmware on this FRU matches the switch firmware it is replacing, and that it supports the installed configuration.

## Firmware Version Check

**Caution** – The firmware version check and update, if needed, must be complete **\*\*BEFORE\*\*** you connect the FRU to the SAN.

---

Go to the website that has instructions on downloading or changing the switch firmware: the Sun Download Center or SunSolve. Download the firmware that matches the switch you are installing.

For FRU's that have not been used, you can verify the switch firmware level with the switch part number.

---

**Note** – This method is reliable only for FRUs that are just out of the box.

---
